The grid and the tax

NEWS OF THE DAY !!!

La Cwape veille à ce que sa méthodologie tarifaire n'ait pas d'incidence négative significative sur les droits conférés aux prosumers, et ce jusqu'au 31 décembre 2024.

The Cwape ensures that its pricing methodology does not have a significant negative impact on the rights granted to prosumers until December 31, 2024.

From January 1st 2020 : + 85,78 € /kWe (according to the net electric power) = 7.92 kWp = 679€/year
Or with 4 meters, pay what you take from the grid and let free what you send to the grid.
